HOUSE VOTES TO REESTABLISH PREVAILING WAGE LAW IN NEW HAMPSHIRE

CONCORD, NEW HAMPSHIRE – The House of Representatives voted [213-140](#) today to pass [SB 271](#), which would require prevailing wages on state-funded public works projects. **Representative Brian Sullivan (D-Grantham), Chair of the House Labor Committee**, released the following statement:

“Reestablishing a prevailing wage law in New Hampshire will ensure that construction workers receive fair wages on jobs funded by New Hampshire tax dollars. Prevailing wage standards assure that state construction projects are awarded to contractors that produce efficient, high quality work, and help keep local tax dollars in the state, going to local workers and local companies. It is past time that New Hampshire joins its New England neighbors in enacting this common sense policy, which assures competitive wages are paid on taxpayer-funded projects.”
