STATEMENT ON GOVERNOR'S VETO of HB 365

CONCORD, NEW HAMPSHIRE – The Governor today vetoed [HB 365](#), a bill that would increase solar energy use in New Hampshire. **House Majority Leader Doug Ley (D-Jaffrey)** released the following statement:

“It is unfortunate the Governor has once again decided to ignore a large bipartisan majority of legislators, advocates, business owners and municipalities in vetoing HB 365. This bill would not only help New Hampshire transition to a more energy efficient future but also would have saved local municipalities money in the process. The Governor has once again demonstrated his allegiance to large campaign contributors, continuing to hold back progress in the Granite State.”
