HOUSE APPROVES MEDICAID TO SCHOOLS LEGISLATION

CONCORD, NEW HAMPSHIRE –Today, the House of Representatives voted to pass [SB 684](#), which fixes a problem created by the Sununu administration’s emergency rules for the Medicaid to Schools program, whereby the connection between federal reimbursement and school district funding for medically necessary services was severed. The bill will return to the Senate for concurrence on the House-adopted amendment. **Representative Mary Jane Wallner, (D-Concord)**, released the following statement:

“This bill is critical to the 173 school districts throughout New Hampshire which will not receive federal reimbursement for critical services to students until this legislation is passed. Expediting this bill through the legislative process aims to accelerate reimbursement requests to prevent school districts from taking an unexpected funding hit. I thank the House for its vote to move SB 684 along to the Governor’s desk.”
